Attention: David Swain  
Regulatory Manager

Subject: Accel TB Wipes  
EPA Reg. No. 74559-3.  
Amendment Application Date: April 16, 2012  
EPA Received Date: April 17, 2012

The following amendment, submitted in connection with registration under section 3(c)(7)(A) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable:

- On page 1, the statement "For [Commercial][Industrial] & [Institutional] Use Only" needs to be revised:
  - Add the word "Residential"
  - Before the word "for", insert the word "intended".
  - Delete the word "only". Phrases such as either "Commercial, Industrial, or Institutional Only" are not permitted because limited sale, distribution, and use of pesticides cannot be enforced based on these categories. Only the limited sale, distribution, and use of products classified for Restricted Use may be enforced.
- On page 9, the use site "For Food Processing Plants [Premises]", must be deleted. Data were not submitted to support the use of this product as a food contact sanitizer. In addition, there are inerts for this product that are not cleared for use on food contact surfaces. Consequently all references stating "all food contact surfaces must be rinsed with potable water. Do not use on glassware, cookware, utensils, or dishes" must be removed, when used in conjunction to disinfection and non-food contact sanitization claims (also see pages 14 and 15).
- On page 9 and 15, the Storage and Disposal section must be revised. These changes must be made to comply with the container-related requirements in 40 CFR 156.40 – 156.159:

- o On page 9 and 15, there must be a "Container Handling" subheading under "Storage Disposal". On page 9, it is referenced as "Container Disposal". The correct statement is "Container Handling".
- o The intent of refillable containers, as stated in your labeling, is ambiguous. For both sets of Storage and Disposal language listed on pages 9 and 15, "refillable container" language is used.

For the purposes of the Storage Disposal regulation, a refillable container is one that would be sent back to the refiller, under contract, for refilling then for sale. Does your company intend to have refillable containers that are intended to be refilled for resale? Or, does your company intend to market a nonrefillable container that may not be refilled for sale or distribution, but in some cases the end user can refill it for use only?

If it is a refillable container for resale, the following language applies:

- Refillable container. Refill with wipes containing this pesticide only. Do not reuse this container for any other purpose. Cleaning the container before final disposal is the responsibility of the person disposing of the container. Cleaning before refilling is the responsibility of the refiller (you must describe how the container will be cleaned).

If it is a container that is intended to be refilled by the consumer, the following applies:

- Dispose of wipe in trash after use. Do not flush [in toilet]. Tightly reseal [cannister] [bucket] [pouch] [soft pack] [flat pack] [label] [lid] [flap] between uses to retain moisture. Do not reuse or refill except as described in the directions for use. Refill only with this product. Offer empty container for recycling. If recycling is not available, [Wrap and] discard[of empty container] in trash.

If it is a container (cannister, tub, flatpack, transport pack, softpack, lid, flap or pouch) that is not-intended to be refilled by the consumer (and does not go back to a refiller to be refilled for sale), the following applies:

- Dispose of wipe in trash after use. Do not flush. Tightly close lid between uses to retain moisture. Nonrefillable container. Do not reuse or refill this container. Offer empty container for recycling. If recycling is not available, discard container in trash.

- o Language must be inserted to the labeling in order to make instructions straight forward and understandable for the user for containers that are intended to be refilled by the end user and those not intended to be refilled by the end user.

Therefore, the following header is recommended to be applied for the nonrefillable container language above: (1) *For cannisters, buckets, flatpacks, transport packs, softpacks, lids, flaps or pouches intended to be refilled by the consumer*; (2) *For cannisters, buckets, flatpacks, transport packs, softpacks, lids, flaps or pouches that are not intended to be refilled by the consumer*

- Qualify the term “non-food” when associated with use on surfaces in kitchens.
- On page 10, under the heading for **Residential Use**, delete the word “only”.
- On page 13, delete the claim “prevents the spread of cold and virus”. The claim is considered false and misleading as it implies it will kill the spread of the cold and flu virus anywhere (porous surfaces or in the air).

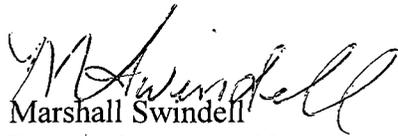

Submit and/or cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) and section 4(a) when the Agency requires all registrants of similar products to submit such data.

If the above conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the accepted labeling is enclosed. Submit three copies of your final printed labeling to the Agency before distributing or selling the product bearing the revised labeling.

If you have any questions concerning this letter, please contact Demson Fuller at (703) 308-8062.

Sincerely,

Marshall Swindell  
Product Manager (33)  
Regulatory Management Branch 1  
Antimicrobials Division (7510C)

{Administrative note: any language which appears between { } and is italicized will NOT appear on final printed labels. Any language that appears between [ ] is considered interchangeable or optional language (as per 40 CFR 156.10) which MAY appear on final printed labeling}. Variables such as CAPITALIZATION, plurals or singular, bold and italics are optional unless specified in 40 CFR. Listed uses and use sites can be used partially or in their entirety. Underlined text is new. Strike-through text means it has been removed.

### Accel Tb Wipes

[Ready to Use] [Easy to Use] [Towelette] [Wipe]  
 One-Step Disinfectant [and Deodorizing] Wipes  
 Sanitizer • Sanitizing Wipes • Cleaner • Disinfectant • Deodorizer  
 \*Virucidal • Bactericidal • [Fungicidal] • [Tuberculocidal]  
 Meets OSHA Bloodborne Pathogen Standard for HBV, HCV & HIV-1  
 Kills Norovirus • Kills Rhinovirus [Type 14]  
 Use on non-food contact surfaces, including: [Grocery Cart Handles] [Cash Registers]  
 [Telephones] [Doorknobs]  
 Just pull, wipe & toss! • Eliminates Buckets • No need to Spray!  
 Pre-moistened • Pre-measured • Always Ready-to-Use  
 No measuring or mixing required

[Hydrogen Peroxide]

For ~~[Commercial]~~ [Industrial] [&] [Institutional] Use ~~[Residential]~~

*Intended*

*Residential*

**ACTIVE INGREDIENT:**

Hydrogen Peroxide..... 0.5%

**For Use in Health Care, Veterinary, Animal Housing, Dental, [Life Science] Laboratory, Medical, Industrial & Institutional Facilities, [REDACTED] and Hospitals**

[This product [These] is [are] [is a] non-woven, disposable [towelette[s]] [wipe[s]], pre-saturated with Hydrogen Peroxide [based] disinfectant cleaner.]

This product is a one-step [hospital-use] [germicidal] [disinfectant] cleaner and deodorant [odor-counteractant] [odor neutralizer] designed for general cleaning, [and] disinfecting, [and] [deodorizing] [of] hard, non-porous environmental surfaces. It cleans quickly by removing dirt, grime, dead skin, blood, body soils and other common soils [organic matter] commonly found in hospitals, nursing homes, [acute] [and] [long-term care facilities], [office buildings], [schools and colleges], [universities], [laboratory settings], [day care centers], [medical], [dental offices], [funeral homes], [transportation facilities], [train depots], [stations] [bus] [depots] [stations], [airports], [casinos], [cruise ships], [correctional facilities], [athletic facilities], [athletic equipment], [playgrounds], [locker rooms], [health clubs], [exercise equipment], [barber/beauty salons] [shops], [veterinary clinics], [pet shops], [equine farms], [animal life science laboratories], [hotels, motels], [public areas and restrooms], [homes] [cleaned by home cleaning services.] [professional cleaning services.] [medical assistance services.] [and office buildings].

This product cleans, disinfects and deodorizes hard, non-porous environmental surfaces in one step with no rinsing required. *{The following sentence is considered optional}* This product's [non-dulling] [advanced] [quick cleaning] [convenient] [easy-to-use] [highly effective] formula eliminates the time and labor normally required for rinsing. It [It's non-abrasive formula] is designed for use on [Use daily on] the following [hard, non-porous environmental [inanimate] surfaces: vinyl, Naugahyde, painted surfaces, plastic [surfaces], [glass], [mirrors], glazed ceramic, glazed porcelain, chrome, stainless steel, aluminum, laminated surfaces and baked enamel surfaces associated with floors, walls, ceilings, tables, chairs, [non-food contact] countertops, telephones, [fixtures], [athletic equipment], [exercise equipment], glazed tile, [exterior surfaces of toilets], [exterior surfaces of urinals], sinks, [sink basins], [faucets], [tubs], [chrome], [stainless steel], [shower rooms and locker room areas] - any washable [non-food contact] [surface where disinfection is required]. Do not use on glassware, dishes and utensils. [Not recommended for use on brass, copper or marble.]

*All food contact surfaces must be pre-rinsed w/ water*

**[Hospitals/Healthcare Facilities/Dental Offices/Life Science Laboratories]**

This product is one-step [hospital-use] [laboratory-use] germicidal [disinfectant] cleaner and deodorant [odor-counteractant] [odor neutralizer] towelette designed for general cleaning, [and] disinfecting, [deodorizing] [of] hard, non-porous environmental surfaces. This product cleans quickly by removing dirt, grime, food residue, dead skin, blood, body soils and other organic matter commonly found in Dental Clinics, [Hospitals], [in Health Care Facilities], [laboratory settings]. It also eliminates odors, leaving [restroom] surfaces smelling clean and fresh. Use where odors are a problem.

This product cleans, disinfects and deodorizes hard, non-porous environmental [hospital] [medical] [dental] [laboratory] surfaces in one step [with no rinsing required]. Its non-abrasive formula is designed for use on [Use daily on] [the following] [hard, non-porous environmental surfaces:] [vinyl], [Naugahyde], painted surfaces, plastic [surfaces], glazed ceramic, glazed porcelain, chrome, stainless steel, laminated surfaces and baked enamel surfaces associated with floors, walls, ceilings, tables, chairs, non-food contact countertops, telephones, fixtures, glazed tile, toilet exteriors, urinal exteriors, sinks found in [health care facilities], [hospitals], [dental offices], [patient rooms], [operating rooms], [ICU areas], [shower rooms], and [locker rooms] [fume hoods and animal cages [found in laboratory settings]]. [It can be used to pre-clean and disinfect hospital items: wheelchairs, [hospital] [patient] bedrails and linings [patient bed linings] [vinyl mattress covers], wash basins, bed pans, non-critical medical equipment surfaces - almost any washable non-food contact surface [where disinfection is required].

ACCEPTED with COMMENTS in EPA Letter Dated: AUG 15 2012

**[[Bathroom] [Restroom] Disinfectant Cleaner:]**

This product is a one-step disinfectant cleaner and deodorant [odor-counteractant] [odor neutralizer] designed for general cleaning, [and] disinfecting, [deodorizing] on hard, non-porous environmental surfaces.

*Under the Fungicide and Rodenticide Act, amended for the product registered under EPA Reg. No. 74553-3*

{Administrative note: any language which appears between { } and is italicized will NOT appear on final printed labels. Any language that appears between [ ] is considered interchangeable or optional language (as per 40 CFR 156.10) which MAY appear on final printed labeling}. Variables such as CAPITALIZATION, plurals or singular, bold and italics are optional unless specified in 40 CFR. Listed uses and use sites can be used partially or in their entirety. Underlined text is new. Strike-through text means it has been removed.

This product cleans, disinfects and deodorizes surfaces by killing odor-causing microorganisms. Its [non-dulling] [advanced] [quick cleaning] [convenient] [easy-to-use] [highly effective] formula is designed for use on [Use it daily] on [hard, non-porous environmental] restroom surfaces: glazed ceramic [restroom] tiles, glazed porcelain, chrome, stainless steel and plastic surfaces associated with floors, walls, fixtures, exterior (surfaces) of toilets, exterior [surfaces] of urinals, sinks, shower rooms and locker rooms. Not recommended for use on brass, copper or marble.

**[Animal Housing Facilities]**

This product cleans by removing dirt, grime, blood, urine, fecal matter and other common soils found in animal housing facilities, grooming facilities, farms, kennels, pet stores, veterinary clinics, laboratories or other small animal facilities. It [also] eliminates odors leaving surfaces smelling clean and fresh.

This product cleans, disinfects and deodorizes hard, non-porous environmental surfaces in one step. Its [non-dulling] [advanced] [quick cleaning] [convenient] [easy-to-use] [highly effective] formula is designed for use on [Use it daily] [Use daily to clean and disinfect] [hard, non-porous surfaces:] plated or stainless steel, chrome, glazed porcelain, glazed tile, laminated surfaces, [associated with floors, walls, non-food contact countertops, cages, kennels, animal equipment] found in [barns, pens and stalls] animal housing facilities.

**[CLAIMS:]**

[When used as directed, this product [is] highly effective against a wide variety [broad-spectrum] of pathogenic microorganisms [including bacteria, tuberculosis, antibiotic resistant bacteria, viruses and fungi. See reference sheet enclosed in each case] for a complete list or organism].

**HOSPITAL DISINFECTANT: BACTERICIDAL** in the presence of 5% serum load and 1 minute contact time at 20°C (68°F) on hard, non-porous environmental surfaces.

**Bactericidal Activity:**

*Pseudomonas aeruginosa* [ATCC 15442]      *Staphylococcus aureus* [ATCC 6538]      *Escherichia coli* O157:H7 [ATCC 35150]  
*Salmonella enterica* [ATCC 10708]      *Acinetobacter baumannii* [ATCC 19606]

ACCEPTED

**DIRECTIONS FOR USE:**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide, registered under EPA Reg. No.

Not for personal cleansing. This is not a baby wipe. Do not flush in toilet.

74559-3

This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the blood stream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to pre-clean or decontaminate critical or semi-critical medical devices prior to sterilization or high level disinfection.

10/21

**\*KILLS HIV AND HCV AND HBV ON PRE-CLEANED ENVIRONMENTAL SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS** in health care settings [Hospitals, Nursing Homes] and other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood/body fluids, and in which the surfaces/objects likely to be soiled with blood/ body fluids can be associated with the potential for transmission of Human Immunodeficiency Virus Type 1 (HIV-1) (associated with AIDS) Hepatitis B Virus (HBV), or Hepatitis C Virus (HCV).

**SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV-1, HBV OR HCV ON SURFACES/OBJECTS SOILED WITH BLOOD/BODY FLUIDS:**

**Personal Protection:** Disposable latex or vinyl gloves, gowns, face masks, and eye coverings as appropriate, must be worn during all cleaning of body fluids, blood, and decontamination procedures.

**Cleaning Procedures:** Blood/body fluids must be thoroughly cleaned from surfaces and objects before application of this product.

**Contact Time:** Allow surface to remain wet for 1 minute to kill HIV-1, HBV and HCV. Use a 5 minute contact time for Tuberculosis [Tb] and 10 minute contact for fungi.

**Disposal of Infectious Material:** Blood/body fluids should be autoclaved and disposed of according to Federal, State, and local regulations for infectious waste disposal.

**For Use as a Tuberculocide:**

1. Pre-clean heavily soiled areas.
2. Pull towelette from dispenser [canister] and wipe hard, non-porous environmental surfaces.
3. Allow the surface to remain wet for 5 minutes. Use additional towelettes if needed to ensure the correct wet contact time.
4. Wipe surfaces dry [or rinse] [or allow to air dry].
5. Change towelette after each use [application].

ACCEPTED with COMMENTS in EPA Letter Dated:

AUG 15 2012

Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, surfaces, environmental surfaces, registered EPA No. 74559-3

**To Kill Fungi:**

1. Pre-clean heavily soiled areas.
2. Pull towelette from dispenser [canister] and wipe hard, non-porous environmental surfaces.
3. All surfaces must remain visibly wet for 10 minutes. Use additional towelettes if needed to ensure the correct wet contact time.
4. Wipe surfaces dry [or rinse] [or allow to air dry].

**For use as a Non-Food Contact Sanitizer:**

1. Pre-clean heavily soiled areas.
2. Pull towelette from dispenser [canister] and wipe hard, non-porous environmental surfaces.
3. Allow the surface to remain wet for 30 seconds.
4. Wipe surfaces dry [or rinse] [or allow to air dry].
5. Change towelette after each use [application].

**For Use as a Cleaner and/or Deodorizer:**

Pull towelette from dispenser [canister] and wipe hard, non-porous environmental surfaces. Allow to air dry [or rinse [with potable water if necessary]].

**Animal Housing Facilities [including Veterinary Clinics, [Equine] Farms, Livestock, Swine and Poultry Houses]: For cleaning and disinfecting the following hard, non-porous surfaces: feeding and watering equipment, utensils, instruments, cages, kennels, stables, catteries, etc.**

1. Remove all animals and feeds from premises, animal transportation vehicles, crates, etc.
2. Remove all litter, droppings and manure from floors, walls and surfaces of facilities [including pens, chutes, and barns] occupied or traversed by animals.
3. Empty all troughs, racks, and other feeding or watering appliances.
4. Thoroughly clean all surfaces with soap and detergent and rinse with potable water. Pull towelette from dispenser [canister] and wipe hard, non-porous environmental surfaces.

12/21

{Administrative note: any language which appears between { } and is italicized will NOT appear on final printed labels. Any language that appears between [ ] is considered interchangeable or optional language (as per 40 CFR 156.10) which MAY appear on final printed labeling}. - 5. All surfaces must remain visibly wet for 1 minute.
- 6. Allow to air dry [or rinse [with potable water if necessary]].
- 7. Ventilate buildings and other closed spaces.
- 8. Do not house animals or employ equipment until treatment has been absorbed, set or dried.

NOTE: Not for use on handling and restraining equipment such as leashes, muzzles, halters or ropes, as well as forks, shovels, and scrapers used for removing litter and manure.

~~For use as a Cleaner/Disinfectant for Food Processing Plant Surfaces~~  
 Before using this product in food processing plant surfaces, read the label carefully and follow the directions. Do not use on food contact surfaces.  
 1. Wet surfaces with compressed air. Be sure to get all surfaces thoroughly wet.  
 2. Apply this product to the surfaces to be treated. Do not use on food contact surfaces.  
 3. Allow the product to remain on the surface for the full contact time.  
 4. Rinse thoroughly with potable water and dry.  
 5. For some surfaces, it may be necessary to clean the surface prior to disinfecting.  
 Note: Do not use on glass, vinyl, plastics, or fishes.

*Drain Need to be Submitted*

{Optional directions for refill pouch ONLY}

**Refill Pouch**

- 1. Open empty canister lid.
- 2. Open refill pouch [by cutting the top of the pouch] and remove saturated towelettes.
- 3. Place saturated towelettes in empty canister [invert the contents of the pouch into empty canister].
- 4. Replace canister lid.
- 5. [Remove the new lot number / [expiry date] from pouch and place it on top of the old lot number / [expiry date] sticker on the canister]

ACCEPTED with COMMENTS in EPA Letter Dated:

AUG 15

Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide, registered under EPA Reg. No.

74559-3

{Optional directions for refill pouch ONLY}

**Re-sealable soft pack**

- 1. Remove the seal (from the place shown on the label)
- 2. Remove one sheet at a time.
- 3. Close the seal (to prevent drying between uses)

**STORAGE AND DISPOSAL:**

Do not contaminate water, food or feed by storage and disposal.

*Container Handling*

{Storage text will not be on single use pouches}

**Storage:** Store in original container in areas inaccessible to small children. Keep lid [flap] [tightly] closed [or – Reseal [container] [pouch] [soft-pack] [flat-pack] label] between uses to retain moisture.

**Container Disposal:**

{For products supplied in non refillable containers}

Non-refillable container. Do not reuse or refill this container. Rinse thoroughly. Offer for recycling [if available] or [wrap and] discard in trash.

{For products supplied in refillable containers}

Refillable container. Refill this container with [this product or product name] only. Do not reuse this container for any other purpose. To clean the container before final disposal; rinse thoroughly; then offer for recycling [if available] or discard in trash.

Cleaning the container before final disposal is the responsibility of the person disposing of the container. Cleaning before refilling is the responsibility of the refiller.

*Not an option per instructions*

{Administrative note: any language which appears between { } and is italicized will NOT appear on final printed labels. Any language that appears between [ ] is considered interchangeable or optional language (as per 40 CFR 156.10) which MAY appear on final printed labeling}. Variables such as CAPITALIZATION, plurals or singular, bold and italics are optional unless specified in 40 CFR. Listed uses and use sites can be used partially or in their entirety. Underlined text is new. Strike-through text means it has been removed.

{For products supplied in re-sealable pouches, soft-packs, flat-packs and single use pouches} Disposal: Do not reuse empty [Pouch] [wrapper] [bag]. Discard empty [Pouch] [wrapper] [bag] in trash

Reuse

{For all products }

**Towelette Disposal:** Dispose of [wipe] [towelette] [cloth] in trash after use. Do not flush.

**ENVIRONMENTAL HAZARDS** {for labels with veterinary use patterns}

This product is toxic to birds, fish and aquatic invertebrates. Caution should be used when applying indoors because pets may be at risk.

{Reference to MSDS will not be on the residential use products}

Not food

**{Marketing Claims}**

ACCEL TB WIPES is an effective [cleaner] [disinfectant] [sanitizer] [wipe] on non-food contact surfaces in [Residential], [Household], [Homecare], [Daycare centers] [settings].

ACCEL TB WIPES is a[n] [Antibacterial][Multi-Purpose][Bathroom][Floor][Glass & Surface] [Kitchen] [Restroom] [Cleaner] [Cleaning] [Disinfectant] [Disinfecting] [Sanitizer] [wipe]. This product is for use in the {insert on or more of the residential/household use sites listed below (page 16)} [-or- common hard nonporous household surfaces].

Not Food

For everyday cleaning [and disinfecting] [use daily to clean [and disinfect]] [on] hard, non-porous surfaces [where germs are a concern] [made from] {insert any surface material from the surface materials listed below (page 16)} associated with kitchen surfaces, hand-touch surfaces [all over the house], {or - list one or more of the hard non-porous surface listed below (page 16)} and other hard [non-food contact] surfaces around the house[hold] [home]. [Not recommended for use on brass], [polished wood], [granite], [marble], [and] [leather].

An effective One-step sanitizer-cleaner for use on hard non-food contact surfaces

[A heavy duty disinfectant cleaner that] cleans, disinfects and deodorizes in one labor saving step

Cleans [and disinfects] [hard, non-porous surfaces] [all over the house] [kitchens and bathrooms]

Cleans [fast] [all over the house] [in kitchen] [and bathrooms]

{Administrative note: any language which appears between { } and is italicized will NOT appear on final printed labels. Any language that appears between [ ] is considered interchangeable or optional language (as per 40 CFR 156.10 which MAY appear on final printed labeling). Variables such as CAPITALIZATION, plurals or singular, bold and italics are optional unless specified in 40 CFR. Listed uses and use sites can be used partially or in their entirety. Underlined text is new. Strike-through text means it has been removed.

- Cleans [removes] [eliminates] [destroys] stains
- Cleans [removes] [eliminates] [destroys] baked-on food
- Cleans [removes] [eliminates] [destroys] burnt-on food
- Cleans [tough] grease and grime
- Cleans [tough] soap scum
- Cleans without bleaching
- Contains no [abrasives] [bleach]
- Cuts [cleans] kitchen [and] [bathroom] [and] household grime and soils [fast]
- Easy to use – just pull, wipe and toss [walk away]
- Effective – Cleans soap scum
- Fast / Easy / Effective: Use [in] [on] [the] {insert one or more residential/household use sites listed below (page 16)}
- For non-scratch cleaning of showers and tubs, shower doors and curtains, fixtures and toilet bowls
- For multiple cleaning tasks.
- For use [in] [Household], [Homecare], [Daycare] settings [as a multi-purpose disinfectant cleaner].
- Formulated with patented hydrogen peroxide technology.
- For everyday use [in kitchens and] [bathrooms] [restrooms] [all over the house].
- For a cleaner, fresher household
- For everyday use
- For hard, non-porous surfaces where germs are a concern.
- For use[in] [on] [the] {insert one or more residential/household use sites from the list below (page 16)} [as a multi-purpose disinfectant cleaner]
- Good for most indoor cleaning tasks.
- ~~Keeps day care centers clean~~ ✓
- Keeps day care centers clean
- Leaves [a fresh, clean scent] [no [dull] [sticky] residue].
- Leaves your [home] [house] [washroom] [restroom] smelling clean with a clean fresh scent
- Leaves your kitchen and bathroom with a fresh, clean scent
- [No rinse required.] No streaking [or filming]
- Quickly [eliminates] [removes] [food] odors
- Removes [the most common] [household] allergens [around your home] [around your kitchen] [around your bathroom] [on your floors]\*\*
- {Note: the sentence above will be used with this claim qualifier}: \*\*This product removes the following [non-living] allergens: [cat dander], [cockroach matter], [cockroach debris], [cockroach particles], [dog dander], [dust mite debris], [pet dander], [pollen particles]
- Use this product throughout your home to clean [beverage stains] [dirt] [food stains] [grime] [pet stains] [soap scum]
- Use only one product to get a streak-free shine plus antimicrobial action
- Will not leave grit or soap scum

**DIRECTIONS FOR USE:**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

{Packaging Related Statement – Appropriate language will be selected from this list, depending on packaging.}

{For canisters and buckets}

To open the package [To pull wipes through lid]: Remove lid. [Then remove and discard induction seal [from the canister]]. Pull out corner of first sheet [wipe] from centre of roll and push 1/2" to 3/4" (1 to 2 cm) through "X" opening on lid. DO NOT push finger through opening. Replace lid and pull wipe at an angle. The next sheet pops up automatically. When finished, close [lid] [flap] to retain moisture.

17/21

{Administrative note: any language which appears between { } and is italicized will NOT appear on final printed labels. Any language that appears between [ ] is considered interchangeable or optional language (as per 40 CFR 156.10) which MAY appear on final printed labeling). Variables such as CAPITALIZATION, plurals or singular, bold and italics are optional unless specified in 40 CFR. Listed uses and use sites can be used partially or in their entirety. Underlined text is new. Strike-through text means it has been removed.

{For re-fill pouch}

Refill [Pouch]:

[[Look for] Product expiration date on back of refill pouch.] Open [Remove lid from] empty canister [bucket]. [Place] [Put] [Insert] refill [pouch] into bucket [canister]. [Use scissors] [to] [Cut] [Rip] [Tear] [Pull] [Open] refill pouch. DO NOT remove wipe roll from refill pouch. Pull out corner of first sheet [wipe] from centre of roll and push 1/2" to 3/4" (1 to 2 cm) through "X" opening on lid. DO NOT push finger through opening. Replace lid and pull wipe [towel] at an angle. The next [sheet] [wipe] [towel] pops up automatically. When finished, close [lid] [flap] to retain moisture. If bucket becomes contaminated [or] [damaged] replace immediately. Replace bucket immediately if tabs below [lid] [flap] become damaged.

{or}

Refill [Pouch]:

Open [Remove lid from] empty canister [bucket]. [Use scissors] [to] [Cut] [Rip] [Tear] [Pull] [Open] refill pouch. [Remove the new lot number /[expiry date] from pouch and place it on top of the old lot number /[expiry date] sticker on the canister]. Place saturated towelettes in empty canister [by] [invert[ing] contents of the pouch into empty canister]. Pull out corner of first sheet [wipe] from centre of roll and push 1/2" to 3/4" (1 to 2 cm) through "X" opening on lid. DO NOT push finger through opening. Replace lid and pull wipe [towel] at an angle. The next [sheet] [wipe] [towel] pops up automatically. When finished, close [lid] [flap] to retain moisture. If bucket becomes contaminated [or] [damaged] replace immediately. Replace bucket immediately if tabs below [lid] [flap] become damaged.

{For re-sealable flatpack, transport pack or softpack}

To Open Package:

1. Open [click-lock] [closure] and peel back -or- remove seal.
2. Pull out [one] wipe [sheet] [at a time] [, use as directed].
3. [When finished,] [firmly] close [click-lock] [closure] to retain moisture [to prevent drying between uses].

{For single count pack}

To Open Package: Tear open packet. Unfold and use as directed. Discard after single use.

74559-3

Not for personal cleansing. This is not a baby wipe. [Do not flush in toilet].

{Cleaning and General Use}

General [Kitchen/Bathroom] Cleaning: [Remove cooking ingredients and cooked food from areas to be cleaned.] Directly apply this product [-or- product name] to completely wet surface and wipe clean. No rinsing needed. Repeat for heavily soiled areas. For stubborn stains or heavily soiled areas or tougher jobs, allow product to penetrate [dirt] before wiping.

To Clean/Remove Soap Scum: Directly apply this product [-or- product name] to completely wet surface and wipe clean. No rinsing necessary. Repeat for heavily soiled areas. For stubborn stains or heavily soiled areas or tougher jobs, allow product to penetrate [dirt -and/or- soap scum] before wiping. For best results, use regularly to prevent dirt and soap scum build up.

To Clean [Nonporous] Surfaces: Directly apply this product [-or- product name] to completely wet surface and wipe clean. No rinsing needed. Repeat for heavily soiled areas. For stubborn stains or heavily soiled areas or tougher jobs, allow product to penetrate [dirt] before wiping.

18/21

{Administrative note: any language which appears between { } and is italicized will NOT appear on final printed labels. Any language that appears between [ ] is considered interchangeable or optional language (as per 40 CFR 156.10 which MAY appear on final printed labeling). Variables such as CAPITALIZATION, plurals or singular, bold and italics are optional unless specified in 40 CFR. Listed uses and use sites can be used partially or in their entirety. Underlined text is new. Strike-through text means it has been removed.

{Deodorization}

To Deodorize: Wipe hard, non-porous surface until completely wet. {or} Apply [this product -or- product name] to completely wet all surfaces. Let stand for [contact time listed [below] [or] [on label]] [to kill odor causing [bacteria] [microorganisms] [organisms]]. Allow to air dry [or rinse [with potable water if necessary]]. For heavily soiled areas, a pre-cleaning is required. [If streaking is observed, wipe with a clean, damp [cloth or] [microfiber cloth or] [paper towel].]

{Disinfection}

For use as a [daily] [one-step] <sup>ner</sup> Clean/Disinfectant [To Clean and Disinfect]: Pre-clean heavily soiled areas. Wipe hard, non-porous inanimate surface until completely wet. Allow the surface to remain [visibly] wet for [contact time listed [below] [or] [on label]]. Allow [Let] to air dry [wipe surface dry] [or rinse] [redacted]. [If streaking is observed, wipe with a clean, damp [cloth or] [microfiber cloth or] [paper towel]].

{The following paragraph (To Kill Fungi) is optional}

**To Kill Fungi:** Pre-clean heavily soiled areas. Wipe hard, non-porous [inanimate] surface until completely wet. All surfaces must remain visibly wet for 10 minutes. Use additional towelettes if needed to ensure the correct wet contact time. Wipe surfaces dry [or rinse] [or allow to air dry].

{Non-food contact sanitization}

**For use as a Non-Food Contact Sanitizer:** Pre-clean heavily soiled areas. Wipe hard, non-porous [inanimate] surface until completely wet. Allow the surface to remain wet for 30 seconds. Wipe surfaces dry [or rinse] [or allow to air dry]. Change towelette after each use [application].

**STORAGE AND DISPOSAL**

{for products supplied in non-refillable container}

Store in original container in areas inaccessible to small children. Keep lid [flap] [tightly] closed [or - Reseal [container] [pouch] [soft-pack] [flat-pack] label] between uses to retain moisture. Dispose of wipe in trash after use. Do not flush [in toilet]. Non-refillable container. Do not reuse or refill empty container. [Wrap and] discard in trash or offer for recycling if available.
